

PROGRESS CHART

Follow your progress with our chart and fill in the box each morning. As you improve you'll find that you will be dry at night, happy and smiling all day!
Please feel free to photocopy charts.

 Very Wet							

WEEK 5

WEEK 6

 Dry							
 Slightly Wet							
 Very Wet							

Name Age..... Sex Date Treatment Started.....

Malem MO7 Wireless Alarm + Record Wetness Sensor and Toilet Trainer

1. Read the instructions carefully.
2. Write in the day and as each day progresses mark in the time with a cross when the patient urinates. Missed days can be ignored, just continue with the next line.
3. At the end of the 4 weeks, total each column and fill in on the chart.
4. Select the times when the patient urinates most frequently and establish a toileting regime which anticipates the patients' natural pattern.

		NIGHT					MORNING					AFTERNOON					EVENING
